

COLLECTION FEATURES

Control Options

Lift Cord, Continuous Cord Loop, Cordless, Remote Motorization, and Wand Motorization.

Cordless Lift

Cordless lift system can operate shades up to 96" wide by 96" long on a 1½" head rail.

Motorized Control

Remote and Wand motorized controls feature lithium ion battery technology.

Shade Styles

Standard | Waterfall

Vertical Shading Options

Sliding Panels | Folding Doors

Edge Binding

Available for all patterns.

OPERATION

Shades rise in folds and lower to a flat panel. Cord-free controls bring modern functionality to woven wood shades. Pair shades with light-filtering or black-out liners for privacy and light control.

MATERIALS

Woven Wood fabrics are made from natural materials like bamboo and jute. Materials are processed and woven by hand, creating the unique textures and colors found in our collection.

64 Patterns

Find a full range of shade textures from traditional woven wood and bamboo patterns to high-end, soft fabrics.

Patterns are refreshed in white and gray color tones and in undyed fabrics that keep their beautifully natural hues.
